Jordan Lee
Seattle, WA | jordan.lee.web@email.com | github.com/jordanlee-ui

PROFESSIONAL SUMMARY:
Creative and performance-oriented Frontend Engineer with 3 years of experience crafting accessible, responsive web interfaces using React, Next.js, JavaScript, TypeScript, HTML, and CSS.

TECHNICAL SKILLS:
- Programming Languages: JavaScript, TypeScript, HTML, CSS, Python
- Frameworks & Libraries: React, Next.js, Vue, Node.js, Express
- Web & Tools: REST API, Git, GitHub, Linux, Figma, Vite, Jest
- Core Competencies: UI/UX Design, Responsive Design, State Management, Web Performance

WORK EXPERIENCE:
Frontend Web Developer | PixelCraft Studio (2022 - Present)
- Engineered responsive client interfaces using React, Next.js, and TypeScript.
- Translated UI/UX designs into pixel-perfect components with modern CSS and HTML.
- Integrated REST API endpoints with state management for seamless asynchronous data rendering.
- Streamlined GitHub pull request workflows and automated linting via CI/CD.

Junior Web Developer | Apex Digital (2021 - 2022)
- Built interactive web pages using JavaScript, HTML, and CSS.
- Maintained legacy single page apps built with Vue and Node.js.
- Utilized Git for feature branching and release tracking.

PROJECTS:
- SaaS Analytics Dashboard: Built full-featured client portal using React and TypeScript.
- Design System Component Library: Developed accessible, reusable UI component library published as an npm package.

EDUCATION:
Bachelor of Science in Software Engineering | Metro University (2021)
